

RETAIL CLIENT NOTIFICATION

Interactive Brokers must treat each client as either a retail client or professional client.

Right now, you are treated as a **retail client** for all the work we do with you.

What this means for you

A retail client receives more regulatory protection than a professional client does.

Want to change your category?

You may ask to be treated as a professional client. To do this, you must meet one of two conditions:

- you are a legal entity that is authorised to operate in financial markets; or
- you can give us the information and documents we need to review your request.

To begin a request, please use the Client Portal.

Your confirmation

By accepting this document electronically, you confirm that you have received this notification.
